Drake				ODD[2]				EVEN[2]
Daniels	EVEN[2]				ODD[2]			
McDonald			ODD[2]				EVEN[2]	
Blythe	ODD[2]				EVEN[2]			

NOTES:

1. To report a problem or leak call Mike Daniels 509-336-0899

2. The schedule is set up for you to water every other day

3. This schedule is based on 6 hours per user bi-daily in order to comply with our ditch allocation of 100 gal/min

4. Two of the four homes that share a 6-hour time block are asked to prioritize the first 3-hour half of the window, while the other two homes are asked to prioritize the second half. You may water more than 3 hours, up to 6 hours. The purpose is to prevent damage to our pumps caused by lack of flow.

5. The number adjacent to ODD[1] or EVEN[2] indicates which half of your time block to priortize (1 - early, 2 - later)

6. If you have a two day timer capability you can set your timer once for the season

7. If you should want to trade times with some other home owner, or have a question about the schedule, please contact Mike Daniels
